STAN'S SOAPBOX

Hi, Heroes!

You've heard of interactive books, interactive video games, and interactive CD's, right? Well, now dig this! Mighty Marvel, your ever-lovin' House of Ideas, has e brand new interactive contest for you! It's for all Spider-Man fans — and, since just about everybody's e Spidey fan, that means it's for everybody, and since you're undoubtedly a body, that means you!

Since you're familiar with the maniacal minds of our Marvel madmen, you know we'd never have an *ordinary* contest for you titanic true believers. This one is different and wackier than eny you've ever entered! I can't give you all the details 'cause we're still working on them, but I can tell you enough to whet your greedy little appetite. There are only two simple requirements to our great new spectacular Spider-Man Contest...

1) You've gotta be able to write, so that we can read your entry! But since the hallowed hordes of Marvel are the best-educated readers of all, with the highest IQ's, that's no problem!

2) The second vitally important, virtually indispensable requirement is that you regularly follow the Spider-Man syndicated strip in your local newspaper. You see, since this will be the first interactive contest in the first interactive-age strip of all time, you personally will participate in determining what poor, perplexed Peter Parker will do with his life at a certain point in the story!

That's all I'm allowed to divulge right now. The contest doesn't officially begin till Oct. 19th. If your town doesn't yet have Spidey's daily adventures, you still have time to write to the "Comic Strip Editor" of your paper and tell him, or her, to get with it and run Spidey's amazing adventures in time to give you a chance to win some of our really far-out prizes!

Speaking of prizes, just like we'd never run an *ordinary* contest, you can bet our prizes too will be wild and weird! So stay tuned, heroes. I'll clue you in to more details in one of my next capricious columns!

Till then, be sure to catch your friendly neighborhood wall-crawler in his world-wide newspaper exploits as soon as possible. When the first of our three tasteful coupons appears, we want you to be prepared to dash off e prize-winning response!

Excelsior!

NEWSLINE

ITEM! If you haven't sunk your teeth into MORBIUS lately, you might want to take another bite!

A new creative team of **Lisa Trusiani** and **Craig Gilmore** comes aboard with issue #25, on sale this month, and they've got e whole new approach to vampire tales! In this issue, we meet e new love interest for Morbius — e beautiful and captivating women named Lena who is repulsed by Morbius's murderous ways. Lena inspires Morbius to make e fateful decision: he will no longer drink human blood, even though it mey mean his own death!

Editor **Bobbie Chase** described the new approach to Morbius as "e cross between Bright Lights, Big City, After Hours, and the Vampire Lestat!" Lisa said her goel is to make Morbiue "a more truly heroic character."

ITEM! This month, we salute Generation Y — the next weve of Marveloids!

The first Marvel baby of the year was delivered on New Year's Dey to CONAN editor **Richerd Ashford** and his wife, **Carol Baird**. The young barberian is named **Grant William**, and Richerd notes that "with a name like that, he's bound to write comics for e living!" During the birth of Grant, Richard passed out twice — which shows that real life can be even more intense than e super-villain slugfest! Richard promises the baby's first words will be "Make Mine Marvel!"

Eliot R. Brown has his own blueprint for having a baby! Eliot's wife, **Arlene Puentes**, gave birth to a little son of e gun called **Nicholas Robert Puentes Brown** on April 25. Eliot, currently hard at work on a parody comic called NOT THE PUNISHER ARMORY, noted that instead ot e pacifier, young Nicholas prefers to bite on a bullet!

Next up is the busiest writer in comics, **Fabian Nicieza**, who, along with his wife **Tracey Lee**, became the proud parents of a little Night Thrasher of their own, little **Madison Lee**, on April 27. Febe, who claims he didn't know he was naming his daughter after e mermaid, promised thet Medison "will be a member of the New Warriors in a few months!" He also added, "No way will I ever let Speedball date her!"

Congratulations to all the newborns and their proud parents!

HYPE BOX

"While I live, terror does!" Thus speaks the gun-toting Solo, who stars in his first limited series beginning this week, compliments of **Eric Fein** and **Ron Randall**. According to writer Eric, "Solo goes against A.R.E.S. — e terrorist organization of people he used to know! The main villain is called Deathstorm!" Spider-Man appears, too — Eric noted that "we will finally see Spider-Man take down e violent vigilante!" Eric promises that SOLO will have "tons of action!" in the splendid Spider-Man tradition, we'll bet!

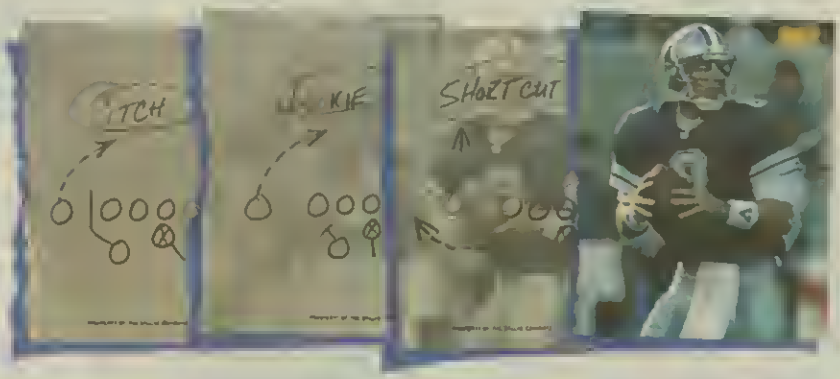
THE END

You can't get your hands on Troy's playbook, but you can get your hands on a few key pages.



Troy Aikman NFL™ Football™

Like Page 7, Troy's "Pitch", the play that turned the Bills into four-time losers. And Page 21, Troy's favorite—"Lookie", the one that's made a lot of NFL cornerbacks consider a career change.

With Troy Aikman NFL™ Football™ you get the best of Troy's favorite Superbowl-winning, defense-spinning, top secret, confidential, straight-from-the-Cowboys-playbook plays.

And if Troy's favorites on top of more than 50 offensive configurations aren't enough for you, with Troy Aikman NFL Football you can custom design your own plays. Even custom design your whole team. A unique reserve budget, "Team Setup", lets you allocate team funds. So if you want a grind-it-out ball-control offense, invest in a monster line and a power fullback. You want a smothering defense, throw your linebackers a couple mill.

Troy Aikman NFL Football gives you everything you need to build a winning team. Especially Troy's exclusive straight-from-the-Superbowl-champion-Cowboys'-playbook plays.

You don't just get any offense, you get Troy's offense, with Troy's favorite plays. Now you're headed for the Super Bowl!

Only Troy's game lets you control your team's budget. Beef-up your offensive line, secondary or any other position—just like the pros!

Dear Mavel Comic!
I have recently heard a joke from the Beavis and Butt-head comic book, I found it offencive to women. The question what is the three bad letters in the alphabet and the punch line was Sex and why, because the difference letter is where is posed to be private parts of a woman, I have found out that your comic book more than once has made fun of women. The whole comic promotes violence and wrong doing I think the whole comic should be band. Many of my classmates are against it they dislike the comic, please send the letter to the editor, and please send me a letter back.

Sincerly,
